# Car Show Featuring Endle Classics

## *Come and see them by registration*

Endle Classics would like to start off by saying thank you to Jim and Vicki Nelson for approaching their business for involvement in the Pardeeville Community Car Show.

Endle Classics was started in November of 2017 as a restoration business by Cody Endle after pursuing a lifelong dream to work full time on classic cars and trucks. Originating from a small 1,200 square foot shop in Portage, WI he has grown the business into a 3,000 square foot facility now located in Sun Prairie, WI. In the shop, there are typically 3 full builds

going on while still handling 2-4 in-and-out repairs on a regular basis. Endle Classics can tackle basic maintenance on your vehicle to chassis and engine swaps/upgrades to full custom built hot rods. They have a vast array of metal fabricating and shaping tools to cover a variety of work. Endle Classics also has an automotive paint booth and full mixing system to collaborate with customers on custom color or to match an existing finish. Endle Classics can also work with your collector car insurance to repair damage from an accident.

Endle Classics has shown their work at World of Wheels, God's Country Racing Association, and Goodbys Rod and Customer Show. Customers have earned trophies at these events highlighted across the Midwest. You can check out the work of Endle Classics by visiting their website at [www.endleclassics.com](http://www.endleclassics.com), on Facebook at Endle Classics LLC, or on Instagram @endleclassics.

Be sure to check out the work of Endle Classics while attending the 2020 Pardeeville Community Car Show!

# Sending up smoke signals

*Tribute to Bruce Hepler (1965-2019)*

Bruce was a judge at the show for many years. He succumbed to a heart attack at age 53 and was taken to be with our Lord.

After the National Anthem at 12:01 pm a burnout salute to Bruce can be viewed near the registration station located close to the sweet corn stand. The auto performing the burnout exhibition will be a modified 712 hp split bumper 1970 1/2 RS Z-28 Hugger Orange Camaro owned by Scott Kok. This was his first car that he purchased 33 years ago for \$1700. Engine by the guys at AEC Advance Engine Concepts, Green Lake, WI.

The Village has given us permission to do this one-time tribute to Bruce. **To respect their safety concerns, please abstain from additional power displays, including burnouts as you depart the park.**

**Thank You - The Pardeeville Car Show Planning Team**

~ A MESSAGE FROM THE HEPLER FAMILY ~

*Thank you so very much for the special tribute/memorial for Bruce Hepler that you put on at the Labor Day Car Show. Dedicating the days "burn out" (sending smoke to heaven to Bruce) and posters was a very nice memorial for him. Bruce loved and lived to work on vehicles. He enjoyed attending various shows, judging, and cruises. His years may have been short but the life he put into those years is remarkable. This is very evident in the friends and acquaintances he made; the memories he has left. We can be sad and cry but he would want us to open our eyes to life, love and go on!*

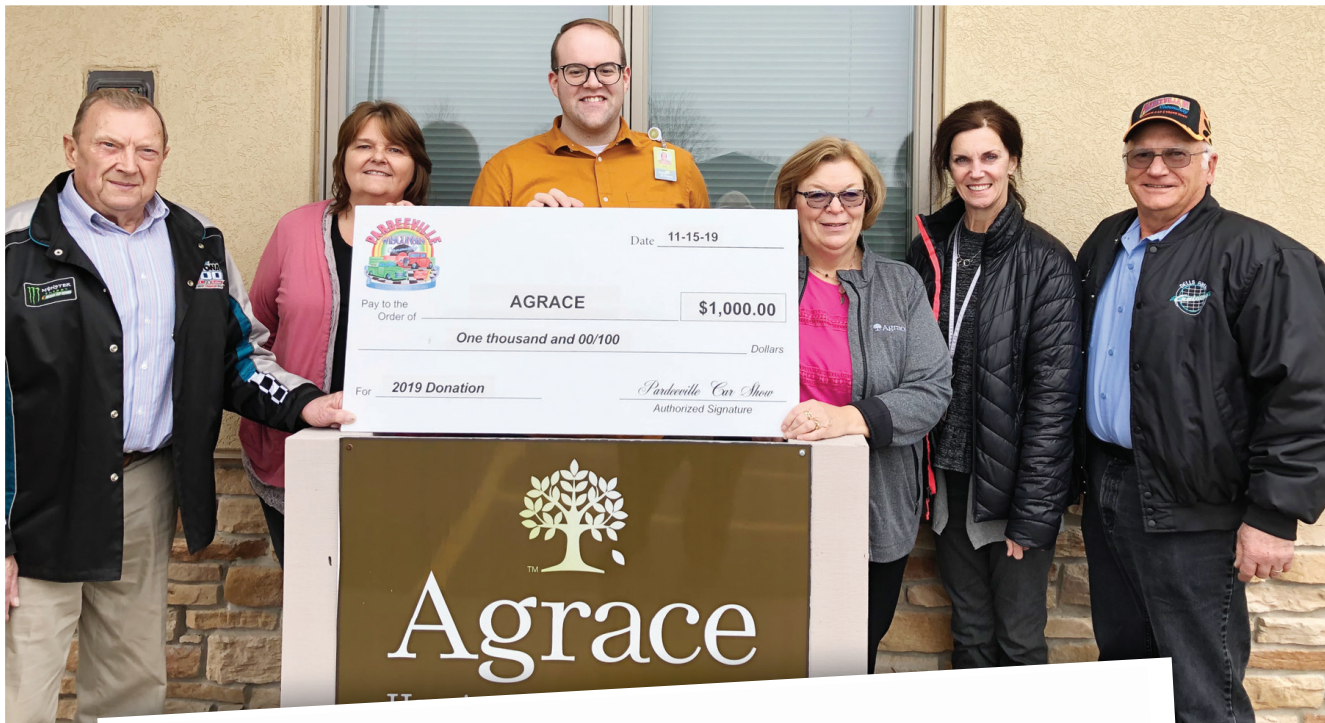

*The Heplers:*

*Don, Bev, Brian, Brennen, Kathy, Jake and Jason*

**Thank You!**

 **Agrace** | HospiceCare | PalliaHealth | Grief Support Center | Age at Home

December 23, 2019

Dear Vickie, Ron, and Charlie,

On behalf of Agrace and the patients and families we serve, thank you for your very generous gift of \$1,000.00 to benefit our Care for All program.

Your gift helps provide hospice service to some of our most vulnerable neighbors - children and young adults with no insurance, seniors without caregivers, individuals lacking housing, and people with special needs. Agrace provides care that is available to everyone in our community who needs it, regardless of their ability to pay.

Through your kindness and that of others, we have never turned away a hospice patient who couldn't afford care. Thank you again for this gift and for the positive impacts you are making for our community.

We're so grateful for your support and generosity! Thank You!!

Sincerely,

Becky Radke  
Annual Giving Specialist

# Thank You Judges!

We are forever grateful for our judging team. Judges come from all over the state to volunteer their time, their expense to get to the show - all to serve with us.

# Pie Heaven

"Pie Heaven", as the pie food stand is now affectionately known, is a favorite stop for visitors at the Pardeeville Car Show. We have volunteered in a few different areas of the car show since the first one was held in 2004 but the pie stand is our favorite! We see some of the same faces year after year and love to hear the comments about the wonderful, homemade pies. Someone told us last year that they had waited a whole year just to get a slice (or 2 or 3) of pie from here. And of course, the new visitors are impressed by the variety of pies available. There are some unique offerings like the rhubarb hickory nut pie that Joan Breneman made famous and then the more traditional ones like good old apple, cherry, blueberry, peach, pumpkin and pecan pies. The last 2 years there have been gluten free pies and requests that we get each year are noted by those working the stand and then we try to offer them the next year (sugar-free is one for 2020). It has been our privilege to be a part of the Pardeeville Car Show and we hope to continue helping by doing our part in "Pie Heaven".

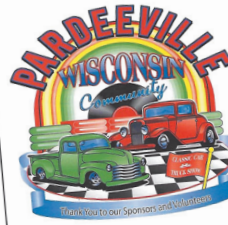

Glenn and Ruth Lindert

## DID YOU KNOW?

# CAR HOBBY AND FOR AMERICA

By: *Car Hobbies in America*

In a nutshell hope for the Car hobby and for America.

A bold statement maybe; so, allow me to elaborate.

It's no secret that there are a lot of older people in the hobby then younger people (kids and young adults). Not that the hobby is doomed anytime soon, but younger people do need to be brought in to keep things going for years to come. With shows and car clubs going away because there are no younger people coming in, something needs to happen.

The Pardeeville Car Show. One of the first things I noticed when I started going to this show years ago was the number of kids/young adults participating with the actual running of the show. From parking, to registration to food sales, etc., etc. Not only participating, but doing so enthusiastically. Happy to be a part of something that makes a difference. Indoctrinating

someone into the hobby at an early age is bound to influence a strong work ethic, build self-esteem and lifelong automobile enthusiast. With so many influences driving kids/youth away from the hobby and work in general it is a real pleasure to see so many enthusiastic kids/youth and young adults at this show learning that, they can achieve things and obtain great results by working for it. The more kids we get out there with a work ethic, the stronger the hobby becomes and the stronger America become. America was built with a work ethic, and a can-do attitude. Not by people waiting around for something to happen. So, when you are at the show this year with its 1000 plus car count, the tractor show, bake sale, etc. remember that kids are helping to make this happen and be patient at registration. Allot is going on and they are doing the best they can. Be a positive influence; you may be helping to shape the future of the hobby and America.

Model#B 1936 John Deere with spoke wheels. Art Woodward drove a 1936 John Deere B when he was 7 years of age harvesting hay at his farm. Come get photos with the beautiful and interesting looking tractors of all colors.

### DID YOU KNOW?

- *Car show hosted car enthusiasts from the Super Performance Cobra Assoc. [one traveled from San Miguel de Allende Mexico to Denver to get in their Cobra and drive to Pardeeville] to join other friends. Cobra cars entered Chandler Park in a mouth dropping line.*

### ~ FUN FACTS ~

- ★ The pie stand continues to be a home-run at the event! Early requests for types of pies come in before the show date! Pies come from many great bakers in and outside of our community, plus our church families. Historically we served over 130 different kinds of homemade pies. The pie stand raised \$1240 - thank you to all who donated pies!
- ★ Many thanks to Lazy K Sweet Corn & Sons (since 1972)! Scott Kok donates all cost, labor and organizing the planning so that the Car show has fresh, locally grown sweet corn each year.
- ★ Another home-run hit new this year was Mac & Cheese thanks to Vickie, Jared & Eileen!
- ★ A gentleman from Kansas City, MO drove his show car to Pardeeville to be part of our event this year!
- ★ The support of many businesses, the Village of Pardeeville, our law enforcement, and the body of Christ is humbling and encouraging to the Car Show organizers. This year was a record-breaking year all around!
- ★ In addition to the \$20,000 raised from concessionsales, another \$300 gift was given to support Grace Presbyterian's food pantry!
- ★ Child Evangelism Fellowship reported that 45 enrolled in hearing the gospel with 5 counseled for the assurance of salvation and 10 making decisions for Christ.

# BULLDOG STOMP CANCER RUN-WALK

The Bulldog Stomp Cancer Run-Walk will host its 12th annual event on May 2, 2020. I was there when the ideas for having a run-walk was born. One of my high school student council members, named Nicole, had recently found out that a co-worker had been diagnosed with breast cancer, and Nicole wanted to do something to support her friend. Her and four other members of the student council settled on the idea of a run-walk as a great way to both help a friend and do something good for their community.

I remember the day they proposed the idea to me. I was very apprehensive about it. First because I wasn't sure if a small group of teenagers could pull off such an event, and secondly, I wondered if the community would show up and support them? Either way, I realized that it was my responsibility as their adviser and teacher, to do everything I could to help them be successful.

With the help of some very dedicated parents and community members, the students spent many hours meeting and planning. Everything was new! Where would we hold the event? Where would the course go? What do we need to do to get the event approved by the school and village? Who would print the shirts, and what would the design be? How much would

we charge? To whom would we donate the funds raised? So many logistics were involved that it is still a wonder to me that it ever got off the ground.

I encouraged the students to set a goal for attendance and they decided that 100 people would be a good start. Once the we advertised the event and word began to get out, the gift basket donations and registrations started coming in. It was really exciting for the kids and served to motivate them even more. I think we eventually received over 200 pre-registrations. The day of the event came, and it was a beautiful spring day. Over 400 people participated that day and the students raised over \$8,000 dollars. We were over the moon with pride and happiness. Every year after that a new group of students would pick up the baton and continue the event, and almost every year it has grown in size and money raised.

The Pardeeville Car and Truck Show is an event similar to ours, in that it was created by young Pardeeville Students that wanted to make a difference in their community. It's a fantastic event that started around the same time as the Bulldog Stomp. Over the years the two events have grown enormously and have become fixtures of the community. We recognize our similar roles, and try our best to support one another. In

fact, the P.C.T.S. has helped raise thousands of dollars in support of the Bulldog Stomp and cancer research.

As I said, when my students first came to me with the idea of organizing a big event, I was very skeptical that they would have the skills to pull it off. However, I could not have been more wrong. Both of these events teach us that when we value our young people and their ideas, they will add even greater value to our communities.

## DID YOU KNOW?

- *The car show was blessed to have a 2 Star Major General as our guess speaker and a presentation Honoring all Armed Forces with special and unique traveling Bell of Honor while we celebrated our 10th annual event. It was a very moving presentation.*

## A YEAR IN REVIEW: 2019 PARDEEVILLE CAR SHOW

Sweet sixteen! How can it be that the Car Show has celebrated our 16th Show on August 31, 2019 this year? Wasn't it just yesterday the Show was no more than a dream at a meeting in a church parsonage? God has worked and blessed us in so many ways through these past 16 years that it would take a book to mention all that He has provided.

Who, but our great God can orchestrate hundreds of volunteers, many unknown to each other, all workign together to bring about a one-day event hosting over 1,000 cars in a small community such as Pardeeville? Nothins is impossible with God in the driver's seat.

In addition to the usual brats, cheeseburgers, hamburgers, chips, soda, coffee, water, sweet corn, pulled pork, plate specials including salad and chips, grilled cheese & of course our famous homemade pies without or without ice cream, we featured a few new items this year: cinnamon rolls from a local Amish bakery, macaroni and cheese, and cheesecake on a stick! The menu, along with hungry appetites continue to grow each year. All proceeds from the concession stand support Christian missionaries serving on location as well as local & national charities.

The weather was perfect for our returning favorites such as Hot Rod Radio making the day memorable and enjoyable by plaing all

of the 'oldies' of eras gone by; Fox River Voyagers 22-passenger canoe taking attendees out on the lake while sharing interesting Wisconsin history; the silent auction; Twisted Knots balloon artist in creatively shaping balloons into all kinds of wonderful things; and of course, the atmosphere created by so many people of all ages enjoying a lovely day in the park admiring the cars, trucks and tractors while sharing stories, ideas and connecting in fellowship.

Our judges come from all over and are known for their skill, knowledge, fairness in judging and their integrity. We are fortunate to have them as they respect and care about the details in choosing winners of the 127 trophies in 37 classes! In memory of a beloved judge who has passed on this year, Bruce Hepler, a special presentation was made in a spectacular display.

As wonderful as the above items are, we are reminded that the show is so much more than the eating, fellowshiping, judging, festive atmosphere, and enjoying the eye-catching beauty of so many vehicles in one place for the day.

It is about connecting. Many friendships are forged over stories, cars, tractors, and food. Isn't that what everyone longs for on some level in their inner-soul? To be connected to something or someone? Belonging? Being cherished for who they are?

The Pardeeville Car & Truck Show offers you the chance to feel connected and belong, and to have someone meet your basic need to be loved and cherished. The Car Show theme is "To God by the Glory!" Why? Because a loving God looked down on His creation and knew we need these things. He also knew we could not find them in things or other people at the level we were created for. He provided a plice for us so we can find ourselves connected to a God who loves us way more than we can ever understand. he sent his Son, Jesus, to come and take your place for the sins you and I have committed. Jesus died so you can live fully and fulfilled. He rose again from the grave. He offers you a place to live with him both now and for all eternity. Just like our cars have to be cleaned and plished and cared for before we can present them to a judge, we need to be cleaned and forgiven for our wrongs before we can be presented to God.

If you would like to have a place where you are loved unconditionally; and have the security of being connected with God and living in Heaven someday, we invite you to contact the Car Show and we would love to share this great news with you!

Thank you for coming to the 2019 Show! We hope to see you again on the Saturday of Labor Day weekend in 2020 at Chandler Park in Pardeeville, Wisconsin!

NOTES FROM THE CAR SHOW COMMITTEE

The Pardeeville Community Car & Truck Show, Inc. will not allow any food booths of any kind.

Due to Village policy, no craft booths will be accepted without early approval of PCCTS, Inc. management. Very limited space available. Craft booth will be accepted only as a first come first service. Crafters must contact management at 608-697-6288 for more information.

Golf carts – if you bring your own golf cart. You will be responsible; you will be held liable for all while you are in the park. The Pardeeville Community Car & Truck Show, Inc. will not be liable for you and or your actions during the event.

### Guidelines & Judging Rules

1. **Winner of Trophies** must be present to receive their trophy immediately, or have a designated representative to collect it at the time of distribution, or forfeit the trophy.

2. In order to get everyone in and parked quickly, there will be no reserved parking. If your club wants to park together, you must arrive together.

3. **All vehicles to be judged must be registered by 12:00 noon.**

4. **Guidelines for Survivors:** Cars exterior, interior and engine must be original. Normal wear items such as hoses, belts, exhaust & tire can be replaced.

### Please Note

Participants will receive 2 ballots at registration & can vote in the following classes as outlined above:

1) Participant's Choice, 2) JJ and 3) KK

### Classifying Procedures

Payment at entrance & classification at registration. All classifications are final and will not be changed. No Exceptions.
